The renovations that are taking place at the Sportsplex are almost complete. The new concrete surrounding the outside of the arena surface has been poured and it looks great.

The bleachers will be installed in the fall prior to the opening of the Sportsplex for ice rentals.

Shout out to Ontario Concrete and team for a job well done!

These renovation were made possible with the successful grant application that was submitted to The Northern Ontario Heritage Fund Corporation (NOHFC) under the Community, Culture and Recreation funding stream of the Investing in Canada Infrastructure Program (ICIP).
