**Did You Know?**

When someone in our community builds or renovates without obtaining the necessary building permits, it doesn't just break the rules—it impacts everyone. Our tax base is calculated based on reported development.

When construction happens without a permit, the true value of our community isn't accurately reflected, meaning taxes aren't fairly distributed.

In other words, unpermitted building can lead to higher taxes for everyone else. By reporting any development you suspect might not have a permit, you're helping to ensure that everyone pays their fair share and that our community's resources are allocated fairly. Let's work together to keep our community strong and equitable!

Reports can be made by contacting the Municipal Office at 705-248-2441 or anonymously through our website at [www.echobay.ca](http://www.echobay.ca) via Contact —> Report an Issue or by emailing the Chief Building Official at [girwinco@gmail.com](mailto:girwinco@gmail.com)
