2026 MUNICIPAL ELECTION PROCEDURES

Township of Macdonald, Meredith & Aberdeen Additional

The following amendments are hereby established by the Clerk/Returning Officer and shall form part of the 2026 Municipal Election Procedures issued May 29, 2026.

Electronic Reissuance of Voter Information Letters

Notwithstanding the procedures previously established for the issuance of Voter Information Letters (VILs), the following procedure shall apply where an elector who is already registered on the Voters' List requests a replacement VIL due to the original letter being lost, misplaced, or not received.

1. An elector may request the electronic reissuance of their VIL by contacting the Municipal Office.

2. The elector shall be required to submit a copy or photograph of acceptable identification by email to the Municipal Clerk for the purpose of verifying their identity and entitlement to receive the VIL.

3. Upon receipt, the Municipal Clerk or designated Election Official shall verify the elector's identity against the Voters' List and confirm that the elector has not already cast a ballot.

4. Where the Municipal Clerk or designated Election Official is satisfied with the elector's identity and eligibility, a replacement VIL may be issued electronically to the elector's email address.

5. The Municipal Clerk reserves the right to request additional information or require the elector to attend the Voting Help Centre in person where identity cannot be satisfactorily verified.

6. A record of the electronic reissuance shall be maintained by the Municipal Clerk, including the elector's name, date of reissuance, and method of delivery.

7. All other provisions of the established Municipal Election Procedures, including Addendum No. 1 dated October 2, 2026, shall remain in effect.
